

# Dharmendra Kumar Yadav

Lucknow, UP | +91-6306008818 | dkmom00@gmail.com | linkedin.com/in/dharmendra0107 | github.com/dharmendra0107

## Professional Summary

---

Results-driven **Software Engineer** with hands-on experience in building scalable web applications and RESTful APIs using **Laravel, Django, and MySQL**. Strong foundation in **Java, Object-Oriented Programming (OOP), Data Structures, and Algorithms**. Experienced in full software development lifecycle including design, development, testing, and deployment. Passionate about backend engineering and currently expanding expertise in **Java and Spring Boot**. Seeking an entry-level **Software Engineer (Java)** role to build high-performance applications.

## Technical Skills

---

- **Languages:** Java (Core), PHP, Python, JavaScript
- **Frameworks:** Laravel, Django, Spring Boot (Learning)
- **Concepts:** OOP, Data Structures, Algorithms, REST APIs, MVC Architecture, Dependency Injection
- **Databases:** MySQL, SQLite
- **Tools:** Git, GitHub, Postman, VS Code
- **Testing:** Basic knowledge of JUnit and unit testing concepts

## Projects

---

### Exam Prep – SaaS Platform

Jan – Mar 2025

*Tech Stack: Laravel, MySQL, REST APIs*

- Designed and developed a multi-tenant SaaS platform serving multiple users with role-based access control and secure authentication.
- Built RESTful APIs handling 5,000+ monthly requests with optimized database queries improving response time by 30%.
- Implemented scalable backend architecture using MVC design pattern ensuring maintainability and performance.
- Developed bulk quiz upload system reducing manual work by 60%.

### Aaps World – E-Commerce Platform

Jul – Sep 2025

*Tech Stack: Laravel, MySQL, JavaScript*

- Developed a full-stack e-commerce application with user authentication, product management, and order tracking.
- Integrated REST APIs and optimized SQL queries reducing page load time by 25%.
- Implemented email and SMS notification system for order updates and verification.
- Improved system performance and user experience through efficient backend logic.

## Work Experience

---

### Web Developer

Feb 2025 – Present

*NDMEAA Technology*

- Developed and maintained scalable web applications using Laravel, MySQL, and JavaScript.
- Worked as a **Full-Stack Developer** delivering end-to-end features from backend logic to frontend UI.
- Built REST APIs and optimized backend performance improving system efficiency by 30%.
- Collaborated with teams to debug and resolve production issues in real-time.

### Django Intern

Jul 2024 – Oct 2024

*Softpro India Pvt. Ltd.*

- Developed 5+ web applications using Django with REST APIs and authentication systems.
- Applied OOP principles and MVC architecture for scalable application design.
- Awarded **Outstanding Intern** for delivering project ahead of schedule.

## Education

---

### Dr. A P J Abdul Kalam Technical University

Lucknow

*B.Tech in Computer Science (CGPA: 8.0/10)*

2021 – 2025

### UP Board

Lucknow

*Intermediate (80%)*

2021

## Certifications & Achievements

---

- Google IT Support Professional Certificate – Coursera
- Google UX Design Professional Certificate – Coursera
- Outstanding Intern Award – Softpro India Pvt. Ltd.
- Built and deployed 8+ real-world full-stack projects
